CONSULTANCY

FEATURES AND BENEFITS OF VIP QUICKSPRAY X-PRESS™

- Extremely convenient and easy to use cold spray system
- No special skills or expensive equipment required
- Seamless spray application with instant curing properties – walk on in minutes
- Moisture Insensitive technology for application in extreme climatic conditions
- 100% solids, solvent free, VOC-free
- Resistant to most chemicals, solvents, acids and caustics
- Excellent corrosion protection, low permeability
- Excellent impact and abrasion resistance
- Excellent thermal stability. – remains flexible over a very wide range of temperatures
- Good tensile and structural strength, high elongation properties
- Very good adhesion to concrete, steel, aluminum, fiberglass, wood, foams etc.
- Almost immediate return to service time

APPLICATIONS FOR VIP QUICKSPRAY X-PRESS™

- Repair of existing elastomeric coatings
- Conveyor belt repairs
- Short term patch repairs of bins, hoppers, chutes etc.
- Small waterproofing and sealing projects
- Load areas on vehicles, (inside & outside)
- Truck-bed lining, truck tool and chain boxes
- Earthmoving and transport equipment cabin floors
- Difficult to access tank and container linings (inside and outside)
- Molds and modeling, prototyping
- Structural Protection for wear and tear parts
- Underbody coating, stone chip protection
- Production of samples and trials

|--------------------------------------|---|-----------------------------|
| 1. Thermal resistance | 5. Moisture insensitivity | 9. High abrasion resistance |
| 2. Resistance to atmospheric attack | 6. Sound insulation | 10. Colour fast (optional) |
| 3. Superfast reaction time | 7. High chemical resistance | 11. Impact resistance |
| 4. Environmentally friendly VOC-free | 8. Superior tensile & structural strength | |

VIP is a leading solution provider of high performance surface protection systems. Our integrated system approach includes substrate repair and preparation products, priming and pre-treatment systems, high performance coatings and superior aesthetic finishes.
